SUPERVISORS HOLD REGULAR SESSION

The board of supervisors met in regular session Monday, March 13th, at 10 a. m., there being present Jos M. Francis, presiding, Jas. T. Casey, Wm. H. Brown, John MacBain and C. V. Thompson.

District Attorney Swart reported the result of the interview of the committee, consisting of himself, Surveyor Neuman and Chairman Francis, with the Ocean Shore officials in the matter of the Farallone fill. The latter, according to the report, refused absolutely to cooperate in any way with the county in the reconstruction of the fill and intimated that the railroad intended holding the county liable for damages as a result of the washout.

In view of the above attitude on the part of the Ocean Shore Company, it was decided not to consider the construction of the fill, but to construct the temporary trestle.

The contract for the trestle was thereupon awarded to R. D. Savage, he being the lowest bidder, on motion of MacBain, seconded by Francis.

District Attorney Swart read a letter from Gilbert D. Ferrell in reference to his employment as special attorney in the right of way condemnation cases for the highway between Boreasford and Redwood City.

The reason that the cases had dragged along for such a length of time, the latter explained, was on account of there being so many different interests to deal with, so much dickering back and forth and so many unexpected turns and twists in the different situations. Everything now is in a fair way to be settled without much further delay. In conclusion, Mr. Ferrell asked that he be relieved from further duty, excepting to assist in finishing up the details connected with the cases.

On motion of Brown, seconded by MacBain, the letter was received and ordered filed and the services of Mr. Ferrell discontinued.

The auditor's statement of the aggregate amount of allowances that can be made against the several funds of the county for the month of March, was received and ordered filed.

Surveyor J. V. Neuman submitted a report, which was ordered filed, showing a refund of \$6 on demurrage charges from the Ocean Shore Railroad Company.

A petition signed by a number of Native Sons and Native Daughters, was received, asking for the removal of the Relief Map of the county from the rotunda of the courthouse, so as not to obscure the Great Seal of the State.

R. F. Chilcott appeared before the board in behalf of the Bay Counties Title Association and asked for the use of the supervisors' room on April 15th, at which time the above association meets in this city. The request was granted on motion of Brown, seconded by Thompson.

The following bids were opened for the reconstruction of the fill at Farallone, recently destroyed by floods, together with bids for a temporary trestle across the creek at this point, the latter to be built providing arrangements could not be made with the Ocean Shore Railroad Company to take care of their end of the fill:

R. D. Savage, trestle, \$2,562.44; fill, \$3,225.09.

V. M. Price, trestle \$4,400.60; fill, \$6,854.75.

Blanchard-Brown, trestle, \$3,827.00; fill, \$5,932.04.

A. Mattson, trestle, \$2,924.60; fill, \$3,743.10.

Grace & Bernier, trestle, \$3,627.91; fill, \$4,420.89.

Bryant & Sonnickin, trestle, \$3,183.34; fill, \$4,420.89.

Lou G. Hare, trestle, \$2,710.12; fill, \$3,317.27.

C. C. Christensen, trestle, \$3,383.28; fill, \$4,365.48.

There being none of the petitioners present at the meeting, action on the petition was deferred until the next meeting, March 20th.

A communication from J. E. Uphof of Tucson, Arizona, asking for information relative to a suitable vacancy in one of the county agricultural departments, was received and ordered filed.

A communication was received from Miss Anne Bell Bailey, county librarian, recommending the establish-

Thompson, Supervisor MacBain was given permission to take out some slides on the new La Honda road.

Surveyor Neuman presented and read agreements entered into with Joe Brazil, B. Matti and the Thomas A. Moore estate, for a right of way for the San Gregorio to Pescadero road.

Surveyor Neuman next presented plans and specifications for the construction of the above road, which were adopted on motion of Thompson, seconded by Brown.

At the request of Casey, and on motion of Brown, seconded by Thompson, Mrs. Markey of Daly City was granted \$8.00 a month county aid.

After the allowance of claims the board adjourned at 3 o'clock to meet next Monday, March 20th, at 10 a. m.

HIGH SCHOOL NOTES.

Considering the weather that we have been having, great interest has been shown in tennis, especially by the boys, forty-five pupils having given in their names as wishing to play.

Although the court is not in as good condition as it might be and the light is rather poor, yet there is no real reason why it cannot be used to advantage. The principal difficulty so far has been the lining, but after the rains this will not bother.

Miss Wolfenden has suggested that the Boosters Club present cups to the best boy and girl singles players. The boys' tournament will probably begin the first week in April. Whether there will be a girls' tournament and a cup for the best girl singles player will depend on how many turn out for practice. As twenty of the forty-five players signed up are girls, they should be well represented on the court. Wednesday is reserved exclusively for the girls.

Soon we hope to secure matches with San Mateo, Palo Alto, Belmont, San Jose, Santa Cruz and Pacific Grove and possibly a few others. Everyone come out for practice.

According to the specimen plans being prepared by the drawing department of the High School, we are soon to have a new building on the grounds near Jefferson Street.

The building probably will be built on the same site as the High School Building itself, and roughly speaking its dimensions about 100 by 60 feet, two stories high.

The shop department, comprising manual training rooms for wood and foundry work, will probably be located on the ground floor, while the Art and Domestic Science Departments will occupy the second floor.

An interesting feature of this building will be a section representative of a model home, which is to be taken charge of by the Domestic Science girls.

Although no definite action has yet been taken, it is thought that the plans will either be accepted by the School Board, or the same general principles and ideas carried out.

Last Friday night Arthur C. Pillsbury of Yosemite Valley entertained the faculty and students and their parents and friends in the Sequoia Assembly Hall, with five magnificent reels of motion pictures of Yosemite Valley and its environs. Beautiful colored views of the famous natural wonders of the Valley were also thrown on the screen to the delight of the audience.

Mr. Pillsbury has spent many years in the Yosemite Valley, and has secured a wonderful collection of both "motion" and "snap-shot" pictures of our California Paradise.

The entertainment was held under the auspices of the "Sequoia Boosters Club" and was free to all members of the Student Body and the older members of their families.

The "Boosters Club" is an organization of our students whose chief business in life is to boost the school. So far it has succeeded wonderfully well and for purposes such as the one just mentioned, the club has put aside the seventy dollars realized at their recent "Jitney Bazaar". Last year, their money was devoted to athletics.

Since its last production, "Under Quarantine," the Polly Club has done no special work. But it will not be long before its members will again appear before the public. Thelma Knox, Lou Etta Millard and Mary Murray are busy dramatizing the book, "Daddy Long Legs." The cast of characters will be selected at the next meeting and according to the instructor, Miss Galtin, all members of the society will take part. The girls are anxious to get to work and it is hoped the play will be a success.

"The Great Divide," which was put on at Stanford University a few days ago, scored a splendid success. The Polly Club has been considerably interested in this production and are sorry they were not able to attend. From a write-up in the Daily Palo Alto it appears that some of the Stanford students are worse than grammar or high school pupils in that they were disrespectful and inconsiderate during the performance.

Friday afternoon, Blanch Ross and Jessie Dugan showed two minutes debating ability for Harold Anderson and Clyde Higgins when they met and defeated them in the final of the Freshman try-out debates. The winners plainly showed their superiority in composition, delivery and argument, clearly demonstrating themselves qualified to represent the class in the big inter-class debate on the 24th.

Stanley Wood and Mr. Myers want to know when they may be permitted to play tennis!

A REMINDER

"Procrastination is the Thief of Time."

What a true saying this is, and yet we find ourselves putting things off day after day that should be attended to immediately, and paying dearly for it in the end. This will apply very gracefully to our sale of

Men's Furnishings

THE SALE STARTED OFF WEDNESDAY WITH A BANG! and the receipts for the day were far beyond expectations, and yet we hardly made an impression on the stock. The closing out of our MEN'S WEAR is only to make more room for our Dry Goods spring and summer lines which are beginning to arrive, so the Gents' Furnishings must go. I would advise all who would likely need anything in this department to take advantage of this sale, as all merchandise is not only going to be higher but scarce, especially if the present conditions continue to exist, so do not be afraid to supply yourself. These are all plums, not a lemon in the basket, and we will still be in business here and make anything good if by chance anything should be otherwise. I thank you. M. J. KNOX.

FOR BRONCHITIS, WHOOPING COUGH, CROUP, COUGHS AND COLDS

Make the Best Remedy at Home—128 Teaspoonful for 50 cents.

If everything was sold in as liberal and fair a manner as the below named drug-gists are selling Schiffmann's New Concentrated Expectant, absolutely no cause for complaint or dissatisfaction could possibly arise from anyone. These drug-gists say—"Buy a bottle of this remedy and try it for Bronchitis, Whooping Cough, Severe Cough, Croup or any Bronchial Affection, and we will return your money, just the same as we do with Schiffmann's famous Asthmador, if it does not give satisfaction, or if not found the best remedy ever used for any of these complaints." Why not take advantage of this guarantee and try this medicine, and get your money back, rather than buying another purely on the exaggerated claims of its manufacturer or on the strength of testimonials from others and run the chance of getting something worthless and also wasting your money?

FLORAL PARADE PLANS OUTLINED

FRATERNAL ORDERS WILL CO-OPERATE TO MAKE PARADE BIG SUCCESS

School Children to Feature in Celebration—Womans Club to Take Active Interest in Festival.

That the Floral Festival of this year, will be the feature of Foresters' convention week is the belief of those who have the festival in charge. This belief is justified by the fact that every fraternal order in Redwood City is co-operating, nearly all lodges having appointed committees to help in the arrangements.

As was the case last year, the school children will make a big showing. Supervising Principal R. W. Mantz having promised every aid possible. He has assigned Mrs. Thorpe and Miss Gertrude Beeger to take charge of the little ones. The children who took part in the recent cantata will parade in the costumes they wore in the production, following the Poppy Queen, the Rose Queen and the Queen of the Goblins. Their majesties will ride in gayly decorated autos.

Miss Catherine Wolfenden, vice-principal of Sequoia high school, will be asked by the committee of arrangements to take up the matter of high-school representation in the Parade and Miss Lopenan of the Belmont school will also be asked to duplicate her success of last year.

Handsome prizes will be offered as a means of stirring interest in the Floral Festival, the committee having in mind silver cups for the best school display and most original features.

The efforts of the various fraternal orders to make the festival a big success will also be rewarded with prizes.

Following is a list of the fraternal orders that have promised cooperation, with a list of the members named to serve on the Floral Festival Committee:

Robin Hood Circle, W. of W.—Mrs. J. E. Chapin, Mrs. Hilma Fowler, and Mrs. Selma Lockner.

Bonita Parlor No. 10, N. D. G. W.—Mrs. Dora Wilson, Mrs. Sophie Offerman, and Mrs. Mamie Glennan.

Gen. Geo. S. Evans Relief Corps, No. 36—Mrs. Mary Winter, Mrs. Helena Flynn, and Mrs. Minnie Kincald.

Druids—John Daly, M. E. Oliver and Milton Marcus.

Redwood Parlor, N. S. G. W.—H. Beeger, J. J. Simmons, and Bert Wender.

Owls—Lui Deluchi, Tom Bertolucci, and Vittorri Corradi.

Court Madrone, No. 158, F. of A.—Geo. E. Seely, Harry Lewis, and Grant Jones.

Bay View Lodge, No. 109, I. O. O. F.—L. P. Behrens, H. W. Lampkin, G. H. Buck, E. B. Fox, J. C. Jones.

Metamora Tribe, No. 24, Impd. O. R. M.—H. W. Jamieson, H. D. McGarvey, and James S. Irving.

The Redwood City Woman's Club, founders of the festival, will name its committee Thursday. The co-operation of this organization means a hearty interest in the festival of the most active of Redwood's public spirited women, and assures an added feature. Through the efforts of the local organization four years ago, the Floral Festival of Redwood City received the endorsement of the California Federation of Women's Clubs, making it an affair of state wide moment.

GRAMMAR SCHOOL CANTATA NETS \$234.00 FOR LIBRARY

At the meeting of the Redwood City Parent-Teacher Association in the grammar school auditorium Tuesday afternoon, refreshments were served to all present and also to the orchestra and those who provided the entertainment a month ago.

Frank McAuliffe sang, by request, a Neapolitan folk song.

The treasurer, Mrs. A. D. Walsh reported nearly \$40 in the treasury.

The principal reported the total proceeds from the cantata for the library fund as \$234.00.

In order to give the children the full benefit of their work, the board of trustees has very kindly offered to pay the expenses of producing the cantata.

The association unanimously endorsed the proposition to start a school savings account for the children in the local banks, if the matter can be satisfactorily arranged.

The association also recommended the reading by the pupils of the books recommended by U. S. Commissioner of Education P. P. Alaxton. The commissioner offers certificates to those who complete their courses. This will not in any way interfere with the certificates offered by the grammar school, but will rather emphasize their value.

REDWOOD ATHLETIC CLUB TO MEET COLUMBIA PARK BOYS

The Park Boys are rated as the second best 130-pound team in San Francisco, being the runners-up in that division of the P. A. A. and the local boys have yet to meet defeat by a team of their own weight. The game will begin at 8:15 p. m. and promises to be a thriller.

The local boys will line up as follows: White, Fitzpatrick, A. Torres, forwards. Parker, center. R. Torres, Griffin, guards.

NEW ENGLAND DINNER AT WOMAN'S CLUB TUESDAY EVE.

The members of the Woman's Club are expecting a large crowd at their New England dinner next Tuesday evening. The hostesses, Mrs. D. W. Williams and Mrs. Nelson Andrews have received letters from many people announcing their intention of attending. The supper will take place at 7 o'clock, following which bridge and five hundred will be played.

Mr. and Mrs. Alvin Hatch of Half-moon Bay were among the visitors to the county seat last week.

FIREMEN TO FEATURE IN BIG MAY PARADE

At an enthusiastic meeting of the fire delegates Thursday night tentative plans were laid for the participation on an elaborate scale of the members of the fire department in the big Floral festival and Foresters' parade which is to take place during the Grand Court week.

Fire Chief Ryan was able to be present at the meeting and he made a strong talk in favor of the firemen turning out. A committee consisting of the chief and the two assistants, Henry Beeger and Julius Allain, was appointed to arrange all the necessary details. An invitation will be extended to all the old veterans of the department to participate in the parade.

A committee was appointed at the meeting to frame a set of by-laws for the department. It was voted to hold joint quarterly meetings of the several companies, the date of the first meeting to be decided later.

OLD RESIDENT PASSES AWAY IN RAILROAD HOSPITAL

John Smith, familiarly known as "Black Jack" and a resident of this vicinity for over forty years, passed away Sunday at the Southern Pacific hospital in San Francisco. Smith had been ill for nearly a year, and the cause of death was dropsy.

Smith was coachman and gardener for the Selbys at Atherton for many years. Later he worked for Attorney George C. Ross at Belmont. The last seven years he had been employed as gateman by the Southern Pacific Company in this city.

Smith was a native of Brazil and was 53 years of age. The funeral was held Tuesday morning from the Redwood City Undertaking Parlors on Broadway, services being held in Mt. Carmel Catholic church. The interment was in Holy Cross cemetery, Menlo Park.

DIRT TO FLY AT BASEBALL PARK NEXT MONDAY

Work is to start next Monday on fixing up the baseball park for the opening of the season on April 16th. Manager Griffin expects to let the contract for the work tomorrow. It will be necessary to have the grounds in shape by Sunday, April 24, when the first practical game takes place.

Griffin has already signed up twenty players, all reputed to be fast men, so there isn't much danger of his not being able to get the men he is looking for to fill the different positions.

Bob Fox is among the pitchers signed up, which will be pleasing news to the fans. The list of eligible players will be given next week.

GARAGE TO HAVE NEW ELECTRIC BELL

Resolutions Were Passed Ordering Street Work Done from Five Points to Railroad.

Garage to Have New Electric Bell

Resolutions Were Passed Ordering Street Work Done from Five Points to Railroad.

The matter of improving Stafford street was discussed at some length Monday evening by the board of trustees in adjourned meeting. F. S. Chadborne, representing the City Street Improvement Company brought to the attention of the board the different plans of parties interested in the work. The board planned on having the street improved with a concrete pavement and asphalt top while the railroad, whose right-of-way adjoins the west side of the street have appropriated their share for an oil macadam pavement. Other property owners, said Town Clerk Plump, are going to strenuously oppose the improvement and have engaged attorneys to look out for their interests. It is said that part of the frontage is protected from further assessment by a prior agreement between the town and the owners of the land when the street was put through. There was no record of this agreement available at the meeting. The work on this street will be pushed to completion as soon as the title to part of the street is located. In the discussion of the matter Trustee Hahlr brought out the points that the street was one of the main entrances to town and would have to carry all of the heavy traffic and would need to be well done. The matter was left in the hands of the street committee and Trustee Merrill.

The contract between W. P. Chubbuck and the town whereby Chubbuck agrees to house, take care of and furnish a competent driver for the new chemical fire truck for \$50 per month, was read and approved and the president and the clerk of the board instructed to enter into an agreement with Mr. Chubbuck for a period of three years.

Resolutions were passed ordering street work done on Main street from Five Points to the railroad crossing and sidewalks on Broadway and Winslow and Arguello streets. It was also ordered that bids be advertised for this work. Bids for the work on Main street will be opened by the board on April 7th and those for the sidewalks on the other streets will be opened April 3rd.

Fire Chief Ryan was instructed to install an electric alarm bell in Mr. Chubbuck's garage as soon as the fire truck arrives which will be in about three weeks.
